The TAFE Committee has given in principle agreement to the offer. Pending finalisation of clauses and associated documentation, the matter will proceed to a ballot of all TAFE members.

The SSTUWA Executive Committee endorsed this process yesterday and the union has formally notified DTWD of this decision.

All work bans are now lifted pending the outcome of the member vote on this issue. The SSTUWA will now move as quickly as possible to finalise the wording on the remaining clauses and associated documentation.

After the drafting has been completed full information on the proposed new agreement will be shared with TAFE members prior to a ballot. Please check your Enews regularly for further updates.

Additional information

- Members are to be informed that results submitted prior to 25/7/2024, will not be required to be entered by members. Any attempts by colleges to pressure members to enter results, are to be reported to the union.
- Members who leave employment before the registration of the Agreement will not receive the backpay. Any member considering leaving TAFE should contact Member Assist before doing so.
